

# COMPLEX SPINE NEUROSURGEON

The University of Cincinnati (UC) Department of Neurosurgery and the Mayfield Clinic are recruiting a neurosurgeon with 5 to 10 years' experience in complex spine surgery for the UC Medical Center's Level 1 Trauma Center. Must have demonstrated passion for research and teaching. Our team consists of 17 neurosurgeons, along with a neurointensivist, interventional neuroradiologist, physiatrists, interventional pain management and research PhDs. The recruit will serve as Spine Director for the UC Department of Neurosurgery.

We offer:

- Competitive salary and benefits
- Physician Assistant support
- 7 year residency program
- Clinical research division
- Basic science labs
- Risk Management Program to help control malpractice premiums (Ohio is a tort reform state.)
